Association of the
Exhibition Industry

Report prepared by

jwC

Thank You

We would like to thank the following supporting partners, who helped collecting the data for this edition.

	ABEOC Brasil (Brazil)		APPCE (Panama)		FEBELUX (Belgium/Luxemburg)
	AEFI (Italy)		AUDOCA (Uruguay)		Malta Tourism Authority (Malta)
	AEV (United Kingdom)		AUMA (Germany)		MediaAudit (Finland)
	AFE (Spain)		BEIA (New Zealand)		PCEI (Poland)
	AFEP (Peru)		BSG (UFI/BSG Asia-Pacific report)		Qatar Tourism (Qatar)
	AFIDA (Colombia)		CAEM (Canada)		SCEGA (Saudi Arabia)
	AIFEC (Colombia)		CENTREX (Central Europe)		Serbia Convention Bureau (Serbia)
	AMEREF (Mexico)		CLC VECTA (The Netherlands)		TFYD (Turkey)
	AMPROFEC (Mexico)		Egypt Expo & Convention Authority (EECA)		UBRAFE (Brazil)
	AOCA (Argentina)		FAIRLINK (Scandinavia)		UNIMEV (France)

Global Reports

Analysing the global exhibition industry with global comparisons.

Global Barometer – Bi-annual report on industry developments.

World Map of Venues – Report on trends in venue space and project developments globally.

Economic Impact Study – Report on the value of exhibitions globally and regionally.

United Nations Sustainable Development Goals – Report on the economic, social & environmental impacts of a number of exhibition industry projects.

Regional Reports

Regular market overviews on UFI's chapter regions.

Euro Fair Statistics – Annual list of certified data for Europe by country.

The Trade Fair Industry in Asia – Annual analysis of market developments for Asia/Pacific by country.

The Exhibition Industry in MEA – Overview of the exhibition market in the MEA region.

The Exhibition Industry in Latin America – The first comprehensive overview by UFI of the exhibition industry Latin America.

Topical Reports

Focused reports on challenges and developments within the exhibition industry.

Global Visitor Insights & Global Exhibitor Insights – Data driven research reports on visitor feedback and exhibitor expectations.

Best Practices Compendiums – Case studies of successful industry developments.

Special Industry Topics – A wide ranging selection of bespoke reports into specific industry topics.

Venue capacity is an important element for the exhibition industry and the resulting economic development it generates. With the “World Map of Exhibition Venues”, UFI regularly produces a global census of all exhibition venues with a minimum of 5,000 sqm of gross indoor exhibition space.

Venue definition (for the purpose of this survey): any public assembly premises with a minimum of 5,000 square meters (sqm) of indoor exhibition space that hold various types of exhibitions, trade fairs or consumer/public shows on a regular basis. The premises may be purpose-built exhibition centre space or other premises including exhibition space (e.g. hotels, arenas, sport venues, and amusement fair grounds).

Exhibition Space definition: the amount of gross exhibition space in the venue regularly marketed and rented/licensed/used for exhibitions, trade fairs or consumer/public shows.

“Top” in the context of this report is considered as the largest venues (or the countries/regions with the most exhibition space) and bears no relation to the quality of that space.

The data collection was conducted through several channels including the supporting partners and companies mentioned on the previous page, and also from venues directly. Data is taken as of 31/12/2023. Due to decimal rounding, the percentage values indicated in some charts may not sum up exactly to 100%.

Important remark: This version of the report again includes significant updates for several key markets compared to the previous edition, eg. for China, India, the United States and several countries in South America.

The results are considered reliable and have been researched with due diligence. They cannot however be considered as fully accurate or complete and UFI or jwc cannot be held responsible for errors or any consequences arising from the use of this information.

For instance, the data for several countries currently facing specific circumstances (eg. Iran, Iraq, Russia, Ukraine, Syria, Yemen, Sudan) could only be updated with great difficulty or not at all, and will need to be treated with careful reflection.

In line with UFI’s mission to provide vital data to the entire industry, this report is freely available at www.ufi.org/research and at www.jwc.eu.com.

For any information on this report or other UFI’s Research activities, please contact research@ufi.org or get in touch with jwc at info@jwc.eu.com.

The total indoor exhibition space worldwide reaches 43.1 million sqm for the end of the year 2023 and 1,432 venues were identified.

Total venue space available globally

Top Countries/Regions

Countries/regions with a minimum of 300,000 sqm of indoor exhibition space

22 countries/regions have a total indoor capacity exceeding 300,000 sqm of indoor exhibition space.

The top 5 countries/regions (China, USA, Germany, Italy and France) account for almost 64% of the total world indoor exhibition space.

No	Country	Total sqm	Number of venues	% of the world

Updated 12 December 2024

UFI/jwc World Map of Exhibition Venues 2024 - Gross indoor exhibition space, venues over 5,000 sqm, data as of 31/12/2023.

This document and the information it contains may not be copied, reproduced or redistributed in full or in part by any organisation without the express written permission of UFI/jwc - © UFI/jwc January 2025.

At the year end 2023, we recorded 1,432 exhibition venues with a minimum of 5,000 sqm of gross indoor exhibition space around the world and the total global venue space is 43.1 million sqm. The number of large venues offering more than 100,000 sqm of space is 83.

The Asia-Pacific region has overtaken Europe with regard to available venue capacity (38.5%), again mainly driven by venue development in China. Europe remains close behind with 36.7% of available global venue capacity.

VENUE MARKET SEGMENTATION

Given the current real estate crisis in China and the post-COVID slowdown in growth rates within the exhibition industry, the country is undertaking a reassessment of venue projects and capacities, particularly in second- and third-tier cities.

VENUE MARKET SEGMENTATION

Introduction

For the second time in 2024, this report was conducted and produced by jwc GmbH in close cooperation with UFI. The methodology and research approach have remained unchanged, with jwc reassessing global venue capacities and working in close cooperation with existing and new local/regional partners. For any comments, feedback or suggestions, please don't hesitate to contact us.

About jwc

Established in 2007 in Cologne, Germany, jwc is the globally leading consulting firm for the trade fair and conference industry, enjoying the highest reputation internationally. jwc is the only boutique consulting firm that covers the entire value chain of the exhibition and conference industry. Our vast experience and deep knowledge of all venue- and event-related topics, from venue planning to strategy development and financial modelling, ensures that our clients receive the utmost quality advice for their business.

Our clients are based in the Americas, Europe, the Middle East and Asia and comprise of venue owners and managers, event organizers, governments, service providers, associations and private equity investors.

Our team offers a unique combination of experts with many years of practical experience in the industry and, also, with extensive experience in the consulting business. jwc's Head Office is located in Cologne, Germany, with additional offices in Shenzhen, Hong Kong and Riyadh.

Report prepared by

Julia Donoghue Senior Consultant

- 16 years of professional experience in the international exhibition industry
- Marketing management roles with Unternehmensgruppe Westfalenhallen (Dortmund), dmg :: events (Dubai) and IQPC (Dubai)
- Extensive expertise in exhibition and conference organization, venue management, and engagement with key industry stakeholders

Email: jdonoghue@jwc.eu.com

Sebastian Witt Senior Consultant
